## A CONCRETE BRIDGE ADVOCATED.

"Winter Resident" Discusses Subject at Length in Halifax Journal.

### SOME FACTS AND FIGURES.

In a strong and timely article in the last issue of the Daytona Halifax Journal, "Winter Resident" gives reasons why the Halifax should be spanned by a big concrete bridge. Following are some of the salient features of his article:

1. It will be a matter of great public accommodation. We might as well pay toll for walking on the street or sidewalk as to a bridge company for the privilege of walking on the bridge.
2. It will be a source of public pride and will tend to beautify the city.
3. It will advertise the city as nothing else will or can.
4. It will be of great advantage to merchants and business men, as it would tend to greatly increase inter-communication between the towns on both sides of the river.
5. It would soon lead to a greater Daytona, as all the boroughs clustered immediately would soon find it to their interest to unite in one municipal government.

The present bridges are unsightly structures. They are frequently out of repair. They are as unpleasant to ride over as a corduroy road. They are a great tax upon the community, and will continue to be as long as they exist.

A free bridge would be of concrete, made on symmetrical lines; it would have a wide, smooth roadway, with bicycle track and sidewalk.

I am informed that a bridge engineer, skilled in the cement construction of bridges through a long service on the Key West extension, has formulated plans for a reinforced concrete bridge thirty to thirty-five feet wide with overhanging sidewalks and built on tasteful lines, which can be constructed for just \$36,000, the shallow portions of the river to be filled in and riprapped, the deep places arched, and the draw constructed of steel and made to turn on a concrete table or pier. The river opposite Bay street is about 3,000 feet wide. Two thousand feet of this can be filled and riprapped, leaving about 1,000 feet for concrete work.

Primarily the towns on the east and west sides of the river are the most interested, especially those on the east side as they are cut off from the railway except as they pay toll to the bridge companies, or, more strictly speaking, to the bridge company, as there seems to be but one that is it. On that account they are badly handicapped. Free transit is their only relief. It is safe to say that with a free bridge the population on the east side of the river would double in the next five years.

County and city bonds can be issued, and as a public investment it would be a first-class venture.

To illustrate this, take a period of thirty years, the usual length of time of municipal bonds run, and consider the amount.

## TRIO OF ELKS RUN IN LAST NIGHT.

DeLand Delegation a Target For The Local Elks, But Stood The Test.

### DISTINGUISHED VISITORS TONIGHT

The three distinguished young citizens of DeLand, Cary D. Landis, Bert Fish and A. O. Bott, who were "run in" by the Elks—and attached to the local herd were shown one of the times of their lives last night, but they were good metal and went through in fine shape. After the work of inducting the candidates, which took till 11 o'clock, by which time the trio from Volusia's capital had gotten all that was coming to them in that line, everybody was ready to rest.

A splendid repast had been spread and all "day to night" did full justice. This part of the program proved more to the liking of the candidates than did the preceding work.

The young lodge will enjoy the distinction, this evening, of entertaining two Elks high up in Elk officialdom. The visitors are Grand Exalted Ruler R. L. Holland, Denver, Colo., and Grand Exalted Secretary Fred C. Robinson, Dubuque, Iowa.

The pair of exalted Elks reached town this afternoon, and are being shown the town and outlying districts by the local herd.

This evening at 7:30 o'clock an important meeting is to be held and all Elks, including all visiting Elks in the city, are requested to be present.

Tomorrow morning at 10 o'clock sharp the Elks will be taken in hand by Commodore C. G. Burgoyne. He has invited a party to make a run down the Halifax in his private yacht, the "Sweetheart," and those who have had the pleasure of a similar outing know what pleasure awaits the party. The crisp, fresh, salt air, blowing over the blue waters of the Halifax, trade winds wafted from spicy islands whets one's appetite just right for the delightful luncheon the Commodore has stored away in the "Sweetheart" hampers; well browned croquettes, chicken pilau piping hot, a fruity pudding which makes you smile to look upon it, steaming coffee of pleasing aroma, a mild brew on ice—this, and more of the same sort.

The visitors will be shown a good time, and the best town that ever happened.

## DRAG-NET FOR BLACK HAND.

(By United Press.)  
NEW YORK, Feb. 27.—The police drag-net is out for Black Hand members as a result of the arrest in Brooklyn, last night, of two Italians who offered a bribe of \$5,000 to detectives to liberate two Italians arrested last week for the robbery of a girl agent of an elevated station.

## QUALIFYING FOR OFFICE.

(By United Press.)  
CHICAGO, Feb. 27.—Franklin MacVeigh, the prospective Secretary of the Treasury, today sold stocks which he has owned for 35 years in the firm of MacVeigh & Co. and retired. This action was taken on account of an old statute which forbids the Secretary of the Treasury being financially interested in trade or commerce.

J. M. Dickinson, the New Secretary of War, will resign as general counsel of the Illinois Central Railway.

## \$25,000 FIRE IN CHICAGO.

(By United Press.)  
CHICAGO, Feb. 27.—A \$25,000 fire this morning destroyed the Butterine Plant at the Union Stock Yards. Firemen saved the egg warehouse and curing house. A score of persons who were in the plant escaped.

## PATTERSON ON STAND.

(By United Press.)  
NASHVILLE, Feb. 27.—The court room was crowded today at the Cooper Sharp trial, it being expected that Governor M. R. Patterson would be reached in the list of witnesses for the defense. The first witness called was Insurance Commissioner Thompson. He described the weather the day of Carmack's murder as smoky and cloudy. He was not allowed to answer as to distance he could see the blue pistol that day.

R. F. Drake said he was one of the first to reach Carmack after the shooting. Victim dead when he reached him. Governor Patterson took the stand at 11:05 and began a recital of the relations existing between himself and Senator Carmack.

The Daytona Cornet Band will give a free concert tomorrow afternoon at 3:30, from the band stand. The band desires to extend thanks to the public for the patronage extended to the carnival during the past week.

## AUTO HITS PALMETTO.

Automobile accidents seem to be greatly on the increase these days. Another occurred Friday morning in front of the Ridgewood hotel. That place on Ridgewood seems to be hoodooed, for it was in almost the same spot that the Smallwood boy was run down Thursday. On Friday morning Carl Sparks was driving south on Ridgewood in the car owned by E. L. Shear, of the Daytona Steam Laundry. The machine was a Union, and not the regular delivery car. When at a point nearly in front of the Ridgewood the machine struck a pile of ashes and became unmanageable, running full speed into a palmetto tree. Mr. Sparks was not hurt and was not even thrown out, although the car imbedded itself into the tree over three inches.

After several unsuccessful attempts to pull the machine away, it was finally chopped clear with an ax, and towed to the Daytona Auto Transit Garage, on Orange avenue, for repairs.

This machine, a Union, would better be dubbed the "Union," for the same car did a double somersault aerial act backwards off the Central bridge last winter, lighting in the Halifax.

## ILLINOIS DAY.

Monday March 1st, will be Illinois Day, and all the citizens of the State now resident or sojourning here are invited to be present at the celebration to be held at the Harroun house, Seabreeze avenue, Daytona Beach. All attending are requested to bring with them a plate, cup, knife, fork and spoon in addition to the usual picnic lunch.

A regular program will be carried out in the afternoon. These gatherings have been held annually now for several years and are a matter of great interest to the Illinois people congregated here.

The "Lucile," Capt. E. A. Lindberg, has been chartered for a ten days' trip down the coast to Palm Beach.

Hot water bottles, syringes, ice caps, bathing caps in fact every thing in this line will be found here. Come in and look 'em over.

## NEW BOAT POPULAR.

The Constitution arrived at Hotel Palm Beach dock all safe and well and every one seemed to have enjoyed the water trip down from Daytona to Palm Beach, and there are many Hotel Palm Beach guests who will return on the boat.

This large moderate-rate hotel is so homelike and comfortable that Daytona people seem to be happy staying here. Sidney Maddock, the owner of the hotel gave a special dinner at the Palm rooms last night and a dance wound up an enjoyable evening.

## FINISHING QUAKE JOB.

(By United Press.)  
NAPLES, Feb. 26.—A violent earthquake is reported today at Palmi, Calabria. The walls which remained standing after the quake of Dec. 23, when 10,000 persons were killed, were today shaken down. No fatalities are reported.

## THE CAPTAIN WAS JARRED.

Yesterday afternoon Capt. B. J. Paetli with a party was at Conrad's dock about to leave for the Paetli Hotel, Ponce Park. The Captain's launch was several feet from the dock, the bow pointing toward the end of the dock. Captain Paetli started his engine and by some mysterious means failed to get his steering gear in action quickly enough, and he struck the dock head-on, jarring the Captain and his passengers considerably. Undaunted he withdrew and left at once for the Park.

Captain Paetli is an expert boatman and pilot, and an accident to his craft naturally attracted considerable attention and comment.

**Beat and Robbed Canadian.**  
(By United Press.)

## BIG WRANGLE UP IN TENNESSEE.

Thirteen Senators Side-Step a Measure Which Looks Like Unlucky Move.

### ARE PLAYING SHREWD POLITICS.

(By United Press.)  
NASHVILLE, Feb. 27.—Sergeant-at-Arms and deputies who were sent to arrest thirteen members of the State Senate, who left the city last night in order to break the quorum and thus kill the reform election legislation. This was expected to result in direct primaries and overthrow the Patterson machine which is now controlling the Democratic party.

The arrest of two on sight raised the hopes of the advocates of the bill but former Governor Cox today announced that he had the resignation of each of the departed members and that as fast as they are brought back he will file their resignation.

This looks like the death of the bill which carries time limit in which election commissioners may be named.

## LECTURE ON BIRD LIFE.

Prof. Herbert K. Job, of New York, will deliver a lecture on bird life, under the auspices of the Almetto Club, next Tuesday afternoon, March 2, at the club rooms on Orange avenue. Prof. Job is a noted ornithologist and has spent many years in the study of birds in their natural haunts. The lecture will be beautifully illustrated with stereopticon views, made of the subjects being from photographs made by Prof. Job himself. The lecture is free and is given for the purpose of interesting the public in the protection and preservation of our birds.

### Touched at Daytona.

The yacht Monarch, the property of Henry H. Munro, of the Larchmont Yacht Club, New York, touched at Daytona Friday for supplies on her way to Miami, with her owner aboard. The Monarch was built with the idea of entering the Bermuda races but was completed just too late for that event. She was brought from St. Augustine by a pilot from that city, who was succeeded at this place by Leon Vann, who will pilot her down the coast.

## NEWS SERVICE TO BE TELEPHONED.

American Telegraph and Telephone Co. Making a Test of Giving News by 'Phone.

### ATTACHED DAILY NEWS SANCTUM

Today the Daily News office is being fitted up with a desk telephone, ear attachments same as central telephone operators wear, special wire loops and other equipment necessary for receiving long-distance news messages.

Heretofore, since the invention of the telegraph press service has generally been transmitted by telegraph exclusively, but with the improvements of the telephone system it is now thought that the telephone will displace the former.

The experiment demonstrations come through the local telephone office, and the test will be made for several consecutive days.

Monday's Daily News will probably contain the first news received by the long-distance telephone method and will afford an opportunity to test the new system and compare its practicality with that of the present one.

Many will wonder how long the telephone system if brought into general use will last before a better thing will supplant it. "The world do move."

## AN EDITOR PLAYS BALL.

The Ft. Pierce base ball club in charge of Arthur B. Brown, captain and W. E. Van Landingham, manager, were in town this morning on their way to Ormond to play the Ormond Hotel team. Mr. Brown is editor of the Ft. Pierce News, one of the sprightly weeklies of the Indian river section.

WASHINGTON'S FIRST INAUGURATION.

This photograph from an old steel engraving probably is a very faithful representation of the historic scene enacted at Federal Hall, New York, on April 30, 1789. General Washington walked from the Battery up to Federal Hall, which was on the site of the subtreasury building, and the streets were lined with a cheering throng of patriots. After the ceremony the president walked to St. Paul's church, his first official act being to attend divine worship.

There are some skilled fishermen and ladies at Miss Russell's house this season and it is a "cold day in summer" when they fail to bring home some fruits of spoil from the ocean pier. However, yesterday was "banner day" and they won't get through talking about it in a month. Mrs. H. T. Phillips, of Atlanta caught 18 large whiting, and Col. W. F. Taylor, of Memphis, and Mr. Russell, made up the balance of a 40-pound catch, all fish of fine size. Col. Taylor and Mrs. Phillips are both here for their health which they are regaining fast.

Dr. Fuller and wife, with a party of five chartered the Eleanor and made a trip to No. 9 yesterday.

#### He Hits Back.

There had been a domestic spat at breakfast.

"You monster" snapped the matron, who was always scolding. "You are not like my two former husbands. They were tender men."

"I never doubted that they were tender, Maria," ventured the meek man, "when you kept them in hot water all the time." And he just cleared the front porch two yards ahead of the rolling pin. — Chicago News.

The Way to His Vote.  
Lord Beaconsfield's skill in picking up stray votes was well known. An illustration of it is given in a book by Henry W. Lucy.

At the time that the Imperial titles bill was pending there was a certain pompous little Irishman, Dr. O'Leary, who seemed manageable and was desirable. One evening in the lobby Disraeli laid a hand familiarly on his shoulder.

"Dear Dr. O'Leary, the resemblance is most striking," he said. "I really thought I saw again my old friend Tom Moore."

The vain little gentleman was captured.

**The Modern  
Seven Wonders**  
Daytona's Incomparable Ocean Beach.  
One of Daytona's crowning glories is  
her incomparable beach. No one who  
ever set foot upon its smooth, packed  
sands; no one who ever pedaled a bi-  
cycle over its expanse; no one who ever  
drove a prancing pair of horses and list-  
ened to the popping of their steel shoes  
upon its asphaltum-like face; no one  
who ever steered a high-power automo-  
bile down the broad stretch of wave-  
washed and surf-packed sand but re-  
alized that it is a world-better, a world-  
wonder. Go stand upon this wide  
speedway and see the happy souls fit  
by in joyous mood, and answer whether  
this is not one of the seven modern  
wonders.

**The Enchantingly Picturesque Ridgewood.**  
Ridgewood avenue is upon the crest of  
a broad ridge, straight as the crow flies,  
and the wide-spreading branches of the  
heavy-trunked live-oaks extend their  
giant arms across this magnificent vista,  
forming an arch, and from these extended  
arms great festoons of Spanish moss  
sway as the trade winds from tropic seas  
fan them. Looking straight ahead down  
this white shell street one has the im-  
pression of a fairy path with elfish dra-  
peries, but as you move along and cast  
an eye first to the right and then to the  
left you see distinguished cottage homes  
in the most delightful settings.  
Surpassing Beauty of Our Cottage Homes.  
No one of Daytona's attractions, per-  
haps commands more nearly universal  
attention and praise than does the artistic  
cottage. The owners of these charm-  
ing villas hail from every corner of the  
country and they bring their own archi-  
tectural plans and build upon them, and  
as the architecture of one section of the  
country differs from the architecture of  
another so do our homes differ in out-  
ward appearance and structural beauty  
from one another. There are no monoto-  
nous rows of strikingly similar buildings  
but the eye, as it sweeps by, is treated  
to a kaleidoscopic change which keeps  
the mind wondering "What next?"  
Streets and Pavements the Most and Best.  
Why the Architect of the Universe  
chose to give to Daytona the most ad-  
mirable, the most picturesque natural  
setting of all the cities of the South is  
not revealed but that such is a fact  
must be apparent to the most superficial  
observer. With such lavish wealth of  
natural beauty it became an easy thing  
for the hand of man to give the little  
finishing touches which have brought  
out the colors and outlines of the big  
picture.  
Man did all this in the laying out of  
the streets with their wide margins of  
parkage, the entire city becomes a  
great park  
And as for pavements, pavements  
that look and act like granite,—where-  
else between the eastern and western  
seas are so many miles in proportion to  
inhabitants? Till some unheard-of  
place reports more and better, Daytona  
throws down the gauntlet to the world.  
Squirrels, Flowers, Birds and Fruits.  
Whatever one's shortcomings and  
however indifferent or even callous one  
may be to many things, the mere men-  
tion of "squirrels and flowers, birds and  
fruits" will send a thrill that is reflected  
in distended pupils and pricked ears.  
For every visitor with a spare "goo-  
ber" there is a bunny ready to come out  
and accept your gift. He will sit bolt  
upright and gnaw into the meat, casting  
furtive, saucy glances at you meanwhile.  
Flowers! Usually fresh and blooming  
the year round. In one yard roses of  
variegated hues predominate, another  
as a penchant for the poinsettia and the  
premises are aflame; another is hid-  
den in a jungle of tall cane.  
The birds flit in, and with their joyous  
notes help to give fullness and symme-  
try to the picture.  
As for fruits, choice citrus fruits, Day-  
tona yields the palm to none for quality  
and quantity per acre. There are scores  
of citrus groves in proximity to the city,  
branches bending to the earth with their  
burdens of luscious golden globes.

**R. H. LESESNE**  
Eastman Kodak Dealer,  
Beach Street, near 2d Ave.,  
DAYTONA, FLORIDA.  
Miss Virginia Craig, who has been  
visiting her sister, Mrs. W. E. French,  
and family on third avenue since  
last October, left Friday for her  
home at Parkersburg, W. Va.  
\*Dressmaking help wanted at  
once. Mrs. Jester, over Clarks. tl  
R. H. Lesesne, of the Kodak Place,  
north Beach street, succeeded in get-  
ting a most excellent picture of the  
Minnesota Day beach party. The  
picnickers were grouped on the  
porch and in front of Tildie cottage  
and all the figures in this large  
party are clear and distinct.  
Albert Bennett, who accompanied  
C. G. Wiggins to Havana, Cuba,  
but stopped over at Palm Beach on  
the way home, returned Thursday  
afternoon. Mr. Bennett was one of  
the few who escaped seasickness  
when crossing the channel, and says  
he enjoyed the whole trip im-  
mensely.

**THE PRINCE GEORGE.**  
The following new guests were regis-

evening: Mr. and Mrs. L. S. Traub, New  
York City; Mrs. L. V. Sweiter, Boston;  
A. E. Forbes, Mrs. Helen Johnson, St.

The first dance of the season, and the  
first annual grand ball was given at  
the Prince George last evening, the  
house guests and the favored outsiders,  
enjoying a delightful evening. Messrs.  
Hilyard and Holroyd certainly did ar-

every person fortunate enough to be  
present pronounced the affair the best  
ever.  
The spacious dining room was cleared  
for dancing, the music being furnished  
by the orchestra, late of the Clarendon  
Hotel. Since the untimely end of that  
handsome hostelry, the Clarendon, the  
orchestra has been staying at the Sea-  
side Inn, and filling various engage-  
ments around the city. The four young  
men certainly play well, and they should  
find no trouble getting all the engage-

After the dancing dainty refreshments  
were served. Punch was served through-

**WHEN YOU WEEP.**  
The Way That Tears Act Upon the  
Human Organism.  
Professor Waynbaum, M. D., of  
Paris publishes some queer facts re-  
garding the nature and purpose of  
tears, coming to the conclusion that  
tears act upon the human organism  
"like chloroform, ether or alcohol."  
"When a human being gives way to  
sorrow," says Dr. Waynbaum, "the  
blood pressure in the brain decreases.  
The tear helps in this process, which  
benumbs the brain for the time being,  
causing passiveness of the soul al-  
most approaching indifference."  
"Tears are blood, changing color by  
their passage through the lacrimal  
glands. One can drown his sorrow in  
tears as one can numb his senses by  
the use of alcohol or drugs. When  
a person cries the facial muscles con-  
tract and the appearance of the face  
changes, which action facilitates the  
white blood letting, driving the blood  
particles into the lacrimal gland,  
from which they issue in the shape of  
tears."  
"Children whose nervous system is  
particularly tender derive great ben-  
efit from crying occasionally. The act  
of crying relieves their brains. The  
same may be said with respect to wo-  
men."  
The professor likewise explains why  
laughter sometimes produces tears,  
but the explanation is too technical  
for reproduction.

**THE PRINCE GEORGE.**  
The following new guests were regis-  
tered at the Prince George on Friday  
evening: Mr. and Mrs. L. S. Traub, New  
York City; Mrs. L. V. Sweiter, Boston;  
A. E. Forbes, Mrs. Helen Johnson, St.  
Louis; Mr. and Mrs. Geo. W. Carter,  
Jackson, Md.  
The first dance of the season, and the  
first annual grand ball was given at  
the Prince George last evening, the  
house guests and the favored outsiders,  
enjoying a delightful evening. Messrs.  
Hilyard and Holroyd certainly did ar-  
range a happy affair and each and  
every person fortunate enough to be  
present pronounced the affair the best  
ever.  
The spacious dining room was cleared  
for dancing, the music being furnished  
by the orchestra, late of the Clarendon  
Hotel. Since the untimely end of that  
handsome hostelry, the Clarendon, the  
orchestra has been staying at the Sea-  
side Inn, and filling various engage-  
ments around the city. The four young  
men certainly play well, and they should  
find no trouble getting all the engage-  
ments they can fill.  
After the dancing dainty refreshments  
were served. Punch was served through-  
out the evening.

SPRINGFIELD, Ill., Feb. 27. — There is no motive behind the horse-whipping of the Rev. Billie Sunday, baseball evangelist, by Sherman Potts. It was learned today that steps will be taken to commit Potts to Jailville insane asylum. He seems to be suffering a mild form of lunacy. Sunday is without injury except a sprained ankle, which he sustained in jumping from a platform to defend himself.

**Enforced Stop-Over.**

A party of several ladies and gentlemen on their way to Palm Beach and Miami had an enforced opportunity of viewing Daytona Friday. They were in one of the rear coaches of No. 33, due here at 1:45 p. m., and when the train stopped at the depot, they alighted to talk with friends. The porter of the coach was not on hand when the train started suddenly and left the little group of tourists and the alighting stool, standing on the platform. There was nothing for it but to wait for the evening train at 7:36 to continue their journey.

**Fell From Buggy.**

The little daughter of James Woodward, of Blake, fell from the buggy last night, at the corner of Beach street and Orange avenue, just as they had started home from the street carnival. One of the wheels of the vehicle passed over her, but Dr. C. C. Bohannon who was near at hand and attended her, found there were no broken bones, though she received scratches on the face and a bruised foot.
